

"Analyzing the Business Model of Rescue Dog Cafés: A Case Study Approach"

About Our Vision

Have you ever wondered how to reduce the number of stray dogs? Through our innovative model of a "Fostering Home + Café," we connect business with philanthropy. We firmly believe: "Adoption instead of shopping is the best promise you can make to them."

Our Core Values

- Healing the Soul: Providing a space for interaction with dogs.
- Philanthropic Support: Selling creative merchandise, with proceeds supporting animal welfare.
- Transparent Matching: Helping you find the perfect furry companion.

Data Speaks

According to a survey, 78.4% of the public believe that dog cafés effectively increase adoption rates! Animal interaction is their favorite highlight!

Why Choose Us?

We provide the most professional dog care, allowing friends who are considering adoption to interact and get to know each other first in a stress-free environment.

It is not just about adopting; it is about "finding a companion for life."

Join Us

Whether you want to relax with a cup of coffee or contribute to a good cause, LangLang Café looks forward to your visit:

- Daily Consumption: Enjoy our drinks and support the strays.
- Creative Support: Purchase our merchandise and join our mission of love.
- Spread the Love: Tell more people about the importance of adoption.
